1. Comment. The KVP trains which went to Grossenhain may have carried repair shop personnel detached for a short-term instruction course at the Grossenhain tank repair shop or officer candidates for the Panzer Schule Grossenhain. The latter is less probable since officer candidate courses at schools usually start in the fall. 25X1

2. Comment. The trains presumably carried small tank units of the Halle and Erfurt Divisions which went to the Weisswasser troop training grounds. 25X1
